

Two Door, Three Drawer Drop Safe

Proven Solution, Outstanding Service

- B-rated safe – robbery and theft deterrent
- Dual compartments – separate drops and change funds
- Three drop drawers – direct deposit to top compartment
- Two electronic locks – limit access to each door
- Multiple user codes – up to thirty unique codes per lock
- Time delay feature available – robbery and theft deterrent
- 24/7/365 live technical support – support when needed

CS2820 Drop Safe Provides a Secure Environment

In store operations, you need a secure environment for your cash. The CS2820 Drop Safe provides the capabilities you need to protect your assets with features tailored to the needs of your store operations. The drop drawers allow staff on each shift to make deposits directly into individual compartments. Extra cash tills or change funds can be kept in the lower compartment. The safe is fit with two electronic locks, one for each compartment, and each lock is programmable with up to eight user codes per lock limiting access to those who need it. In addition, setting a time delay on either lock can be a strong theft and armed robbery deterrent. All these features, coupled with outstanding customer service and live technical support when you need it, provide you the capabilities and confidence you are looking for.

SPECIFICATIONS FOR CS2820
